## FRX 75-SP

### Centrifugal Pump

Model FRX 75-SP is a high performance self-priming 316 stainless steel centrifugal pump. The pump is ideal for marine, industrial, agricultural or commercial applications where suction lift is required.

The FRX 75-SP model features all 316 stainless steel components for superior corrosion resistance when pumping chemical compounds. A carbon/ceramic/viton bellows shaft seal is standard. Ports are 3/4" NPT with 1/8" NPT fill port. The O-ring/flapper design enhances the self-priming capability to 12 foot suction lift. Marine ignition protected motors available.

Patent Pending

#### Application:

- Marine
- Industrial
- Commercial

#### Construction:

- 316 Stainless Steel Investment Cast

#### Motor Options:

- AC
- DC

#### Port Sizes:

- 3/4" NPT
- 1/8" NPT Fill Port

#### Seal:

- Carbon / Ceramic / Viton
