

MP PUMPS, INC.

FRX 50 FRX 50-R Centrifugal Pumps

The FRX 50 is a high performance 316 stainless steel circulator pump making it ideal for marine, commercial, and industrial transfer of chemicals or potable water.

All pumping parts are 316 stainless steel for superior corrosion resistance when pumping chemical compounds. A carbon, ceramic, viton bellows shaft seal is standard. The FRX 50 series is available with 1/2" NPT and 1" hose barb port configurations. Model FRX 50-R is designed with 1" hose barb ports. Marine ignition protected motors available.
